General Cleaning

- **Routine care – Dust regularly with a soft, dry cloth to prevent buildup.**

- **Switch off power before cleaning. Use a soft, damp cloth on external surfaces only. Avoid moisture near the light and electrical components. Wipe dry immediately.**

- **Avoid abrasive materials or harsh cleaners, as they may damage the surface.**

- **Test first – Always test any new cleaning product on a small, hidden area before full use.**

Safety Information

- **To ensure safe use of this product, please observe the following precautions: Keep children away from the equipment; place it out of their reach.**

- **Use only as intended – The product must only be used for its designed purpose. Misuse may result in injury or damage.**

- **Always position the base and lamp in the same direction for stability.**

- **Do not hang or attach items to the lamp.**

- **Keep away from moisture and high-temperature areas.**

- **Avoid direct contact with the lamp during operation.**

- **Avoid modifications – Do not alter or tamper with the product, as this may compromise safety and void the warranty.**

- **Professional use only – This product is intended for professional salon/clinic environments and should only be operated by trained personnel.**

Maintenance

- **Regularly inspect all components and fasteners to ensure your product remains structurally sound and fully functional.**

- **Wipe the lamp body, stand, and lamp head with a soft microfiber cloth. Avoid abrasive or chemical cleaners.**

- **Keep ventilation openings on the lamp head free from dust and debris to prevent overheating.**

- **Check all joints, rotation points, and height-adjustment locks periodically. Tighten gently if any parts feel loose.**

- **Ensure the heavy base stays clean and stable, and that nothing underneath affects balance.**

- **Rotate and adjust the lamp head and stand carefully to avoid strain on internal components.**

- **Stop using the lamp if you notice flickering, unstable rotation, overheating, or unusual noises.**

- **All maintenance should be carried out by a suitably qualified technician or tradesperson.**
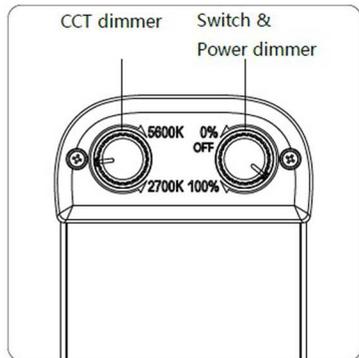

WARRANTY PERIOD : - STANDARD: 12 MONTHS

Lock Screw

Secures the lamp head firmly in place, ensuring stability and preventing movement during use.

Switch Knobs (x 2)

Turn the power knob to switch the lamp on and adjust the brightness. The CCT knob allows colour temperature adjustment from 2700K to 5600K.

CCT dimmer   Switch & Power dimmer

5600K   0% OFF
2700K   100%

Stand (Part A)

Stand (Part B)

Lock Dial

Adjusts and secures the height of the Moon Light, allowing you to set it at the perfect working level.

Stand (Part C)

Base

A slimline, heavy-duty foundation designed to support the full weight of the light and maintain stability during use.
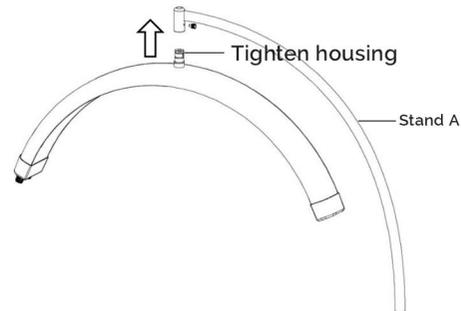

Technical Data

|	
Model:	**ML-10**
Input Power:	**110V-240V, 50/60Hz**
Output Power:	**40W**
Colour Temperature:	**2700K - 5600K**
CRI:	**> 95**
Lumen Output:	**1600LM**
Lifespan:	**5,000 hours**
Dimensions:	**Height: 121-176cm** **Width: 92cm** **Depth: 25cm**
Weight:	**10kg**

STEP 1

Connecting the Head

Attach the lamp head to Stand **A**. Rotate and tighten the lamp head until it is secure. Insert the lock screw to firmly hold the lamp head in place.

Tighten housing
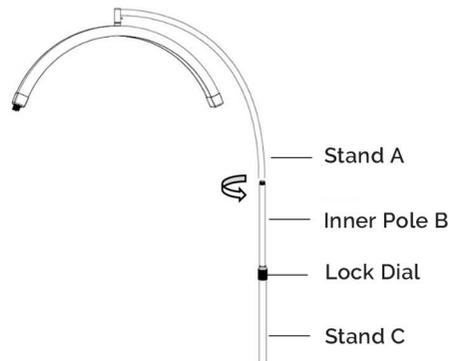

Stand A

STEP 2

Connecting the Power Cable

Stretch the power cable with your arms wide apart to remove any twists. Once fully extended, insert the cable through the stand tube and guide it downward until it exits from the base.
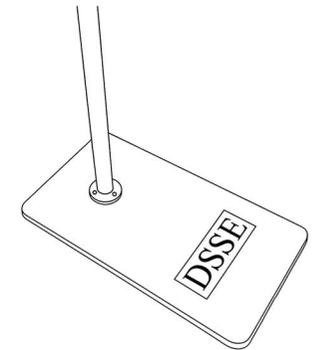

STEP 3

Connecting the Stand and Lamp

Release the lock knob to extend the inner pole **B**. Screw inner pole **B** into Stand **A**, then securely tighten the lock dial to lock it in position.

STEP 4

Assembling the Base

Securely attach Stand **C** to the base and tighten the 3 screws firmly in place.

STEP 5

Connecting the Cable to the Adapter

Insert the cable into the DC port of the power adapter, then plug the AC side of the adapter into the power supply to activate the light.
